

complete search has been made.

The following references are cited by Applicants in order to aid the Examiner in making "a complete search on the generic claims".

M. S. Simon, J. Org. Chem. 85, 1974 (1963).

C. W. Greenhalgh et al., J. Chem. Soc., 1284 (1968).

U. S. Patent No. 3,646,072.

U. S. Patent No. 3,700,398.

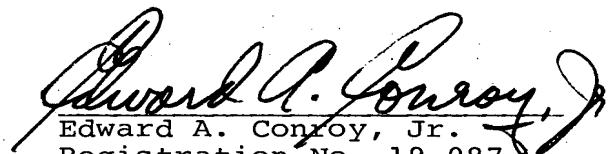

U. S. Patent No. 3,904,660.

Chem. Abstracts 61, 1977e (1964).

Chem. Abstracts 62, 11947d (1965).

Since Claims 1-33, 43, 44, and 47-50 have not been rejected on prior art or for any other reason and since "no further examination is required", it follows that this application is now in condition for allowance and such action is clearly in order.

Respectfully submitted,

  
Edward A. Conroy, Jr.  
Registration No. 19,087  
Attorney for Applicants
